POEM

ESTABLISHING THE INNOVATION

10TH

ANNIVERSARY

COURSE OBJECTIVES

Per-Oral Endoscopic Myotomy (POEM) is a minimally invasive endoscopic myotomy to treat achalasia and esophageal motility disorders. It was introduced 10 years ago as an alternative endoscopic treatment to surgery with excellent patients outcome. On the 10th POEM Anniversary the one-day course will celebrate one of the most outstanding NOTES (Natural Orifice Transluminal Endoscopic Surgery) procedure, the only routinely performed. The scientific programme includes cutting-edge POEM information presented from the perspective of world renowned Masters.

Participants will have the great opportunity to interact with the inventors of this procedure and to discuss with the Masters on how it is performed nowadays. Presentations will combine basics, clinical practice as well as tips and trick to safely and successfully perform POEM procedure.

Event aims:

- Understand POEM procedure from its initial rationale to the clinical and technical details
- Learn how the Masters perform the procedure by didactic video sessions
- Interact with the world renowned masters during live endoscopy and learn how to safely perform the endoscopic myotomy.

E. Savarino
P. Zhou

The course is for max 100 participants.

The official language of the course is English.

ACCREDITATION

CME credits for Italian Physicians

Discipline: Gastroenterology, General Surgery

An application has been made to the EACCME® for CME accreditation of this event.

Milan 2017, June 14

PRELIMINARY PROGRAM

09.00 - 09.30 • Registration

09.30 - 09.45

Welcome and introduction

A. Repici

09.45 - 10.15

Achalasia and esophageal motility disorders: classification and pathophysiology E. Savarino

10.15 - 10.45

POEM: everything started from an idea P. J. Pasricha

10.45 - 11.15

Current techniques for POEM H. Inoue

11.15 - 11.45 • Coffee break

11.45 - 13.15

Live endoscopy from operating room: 2 simultaneous cases H. Inoue, P. Zhou

13.15 - 14.15 • Lunch

14.15 - 14.45

What to do in challenging and complicated cases P. Zhou

14.45 - 15.15

Long - term results T. Rösch

15.15 - 15.45

Post-POEM recommendations and management of complications
Televoter Session R. Maselli
